

BRCM

GYANKUNJ SCHOOL

(A Day-cum-Residential, Co-Ed School, Affiliated to CBSE)

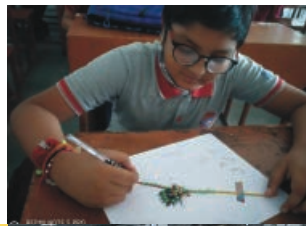

LEARNING FOR A
BETTER TOMORROW...

Prospectus

The difference between school and life?
In school, you're taught a lesson and
then given a test. In life, you're given a test
that teaches you a lesson.

– TOM BODETT

LEARNING FOR A BETTER TOMORROW...

*Make that one idea your life-
Think of it, Dream of it, Live on that idea.
Let the brain, muscles, nerves every part of your body,
be full of that idea, and just leave every other idea alone.
And this is the way to success, and that is the way great spiritual giants are produced.*

– Swami Vivekananda

The Force Behind

Shri H K Chaudhary
Chairman
BRCM Education Society

Ballaram Hanumandas Charitable Trust, Kolkata (BHCT), founded in the year 1977, headed by Shri Hari Krishna Chaudhary has been set up with an objective of transforming the much deprived rural area surrounding the Chaudhary Family's ancestral village Bahal (District Bhiwani) in Haryana which is located 30 Km north of Pilani (Rajasthan). As responsible citizens, the founders of Trust and entire Chaudhary family firmly believed that providing quality education will result in overall growth of this region both in terms of social and economical upliftment.

A small but visionary effort has now turned this remote village into an Oasis of Learning spread over 100 acres in three different Campuses. To achieve its objectives, Trust heralded its educational initiatives through **BRCM Education Society (BRCM ES)** and in the year 1987, the Society established **BRCM Public School**, a premier Day cum Boarding School affiliated to CBSE, New Delhi. **BRCM Gyankunj School**, a Co-Ed. Day cum Boarding School affiliated to CBSE & **BRCM Shishukunj School**, a Co-Ed., Middle School were conceptualized and added under the umbrella of BRCM ES recently to provide School Education from Nursery to Secondary level for the rural children of Bahal and adjoining area.

Dr S K Sinha
Director
BRCM Education Society

Looking into the success of School Education, in August 1999, Society ventured into the field of providing technical education by establishing **BRCM College of Engineering and Technology**. Later, a Degree College was added in the year 2011 in the name of **GDC Memorial College** with the aim to provide education to youth of rural area, specifically targeting the girl students who stopped their higher studies for lack of proper facilities at Bahal. Lately, Society also established **BRCM Law College** in the year 2018 for providing quality legal education.

BRCM Skill Development & Training Centre (BRCM SDTC) was established in the year 2017, as an exclusive centre to train people to become skilled & employable in different fields by conducting various short term courses under GOI PMKVY & GOH Schemes along with many other need based Co-Certified courses. An absolutely free School, "**Nanhe Kadam**", having more than 250 underprivileged students is run as a major social initiative. Altogether, **BRCM Education Society** is presently enhancing learning possibilities to more than 4000 students in different schools and higher education learning Centres at Bahal.

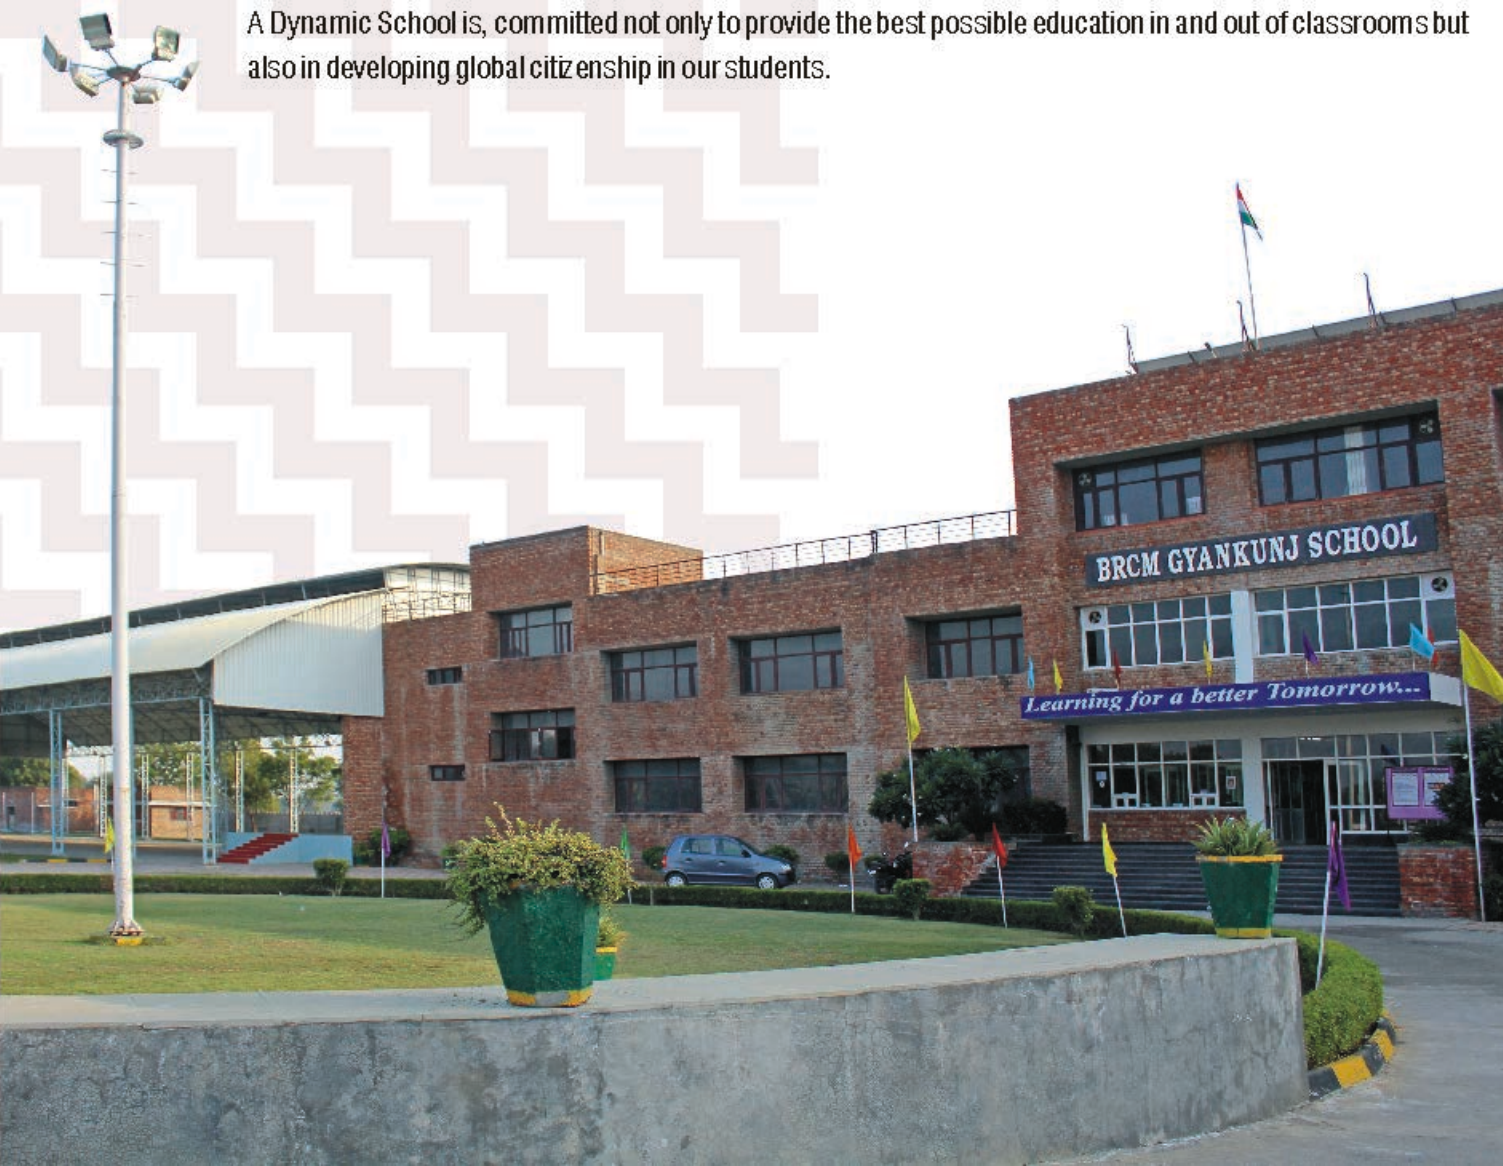

About the School

Gyankunj School is a marvel of modern attractive architecture and landscaping, located in the heart of the town. It has open green quiet environment having the richness of colorful flowers and green beautiful fields all around. The building articulates our philosophy, having exposed brickwork that blends with the natural surroundings. The school offers the students quality space that allows them to learn, reflect and grow in a healthy environment. It has well manicured lawns and proper waste and water disposal system that makes the school eco friendly.

High boundary walls make the school safe and secure. CCTVs are positioned at all the entrances and exits, primarily as a non-invasive security system. R-O water system has also been incorporated to provide safe and clean drinking water to the students and staff.

In other words the world class infrastructure and amenities facilitate quality education and help the students to attain excellence in their chosen domain giving their learning a new meaning in this knowledge hub. Catering to the need of English medium education in this region, Gyankunj provides quality education to the students under CBSE syllabus. The school has been upgraded to XII – Commerce, Science & Humanities. The school has a spectrum of Co-curricular and extracurricular activities, sports, creative arts, performing arts etc. which are hence a part of the students' routine.

A Dynamic School is, committed not only to provide the best possible education in and out of classrooms but also in developing global citizenship in our students.

Principal's Message

Rajesh Jhajharia

Principal

The aim of education in today's era is to provide stress free, child centred and holistic education to all children for overall development without compromising on quality.

BRCM Gyankunj believes that education is not about mere imparting knowledge but more about surfing the individual's mind to self-explore. We think that hard work and some attention from parents, guardians and teachers make the process of learning easier, acceptable and enjoyable.

For effective learning, community like environment is created in the class-rooms of Gyankunj wherein every student feels comfortable and free to express himself/herself.

We believe in grooming ethical leaders of tomorrow who care, share and have empathy and compassion.

We promise a wonderful experience of rich academic and excellent facilities of our students.

The very competent team at BRCM which is quite professional and possesses expertise in individual fields strive hard to concentrate on each and every child, monitor and mentor them, appreciate their achievement and encourage them to overcome their shortcomings.

We work on the dictum of the quote by Sh HK Chaudhary (Chairman, BRCM Education Trust) that "Where a Team Works, Dream Works." For BRCM believes that it is only that a team with proper vision in mind can achieve the pinnacle of success which every institution reckons and aspires for.

Educationists should build the capacities of the spirit of inquiry, creativity, entrepreneurial and moral leadership among students and become their role mode!

- APJ Abdul Kalam

Vision

Our vision is to cultivate and disseminate education of germinal importance that seeks to encourage cognition, instill knowledge, bring about awareness, inculcate age old values and above all arm the students with knowledge and also help them acquire an ethical purpose enabling them to shape the world and shape it for the best.

Mission

As a part of our mission, we would endeavour to:

- Build a firm foundation at schooling essentially required to enable the students to handle the higher education course of their choice.
- Balance moral, spiritual and vocational instruction.
- Develop self-confidence through a sense of responsibility and leadership in every walk of life.
- Perform the role of human resource developer by sharpening those perceptions that contribute to national cohesion, a scientific temper and an independence of mind and spirit.
- Develop the total personality of a student and pave the way for an educational system seeking to produce a complete citizen and a complete human being.

Goal

Our goal is “Value Based Education” which is the embodiment of '**Shradhya**' (श्रद्धया), '**Labhete**' (लभते) and '**Gyanam**' (ज्ञानम्) amalgamating scientific pursuits. At BRCM, we aim to inculcate these three qualities in our students which are fundamental to their holistic growth - academic, economics and cultural. We believe that ethics and aesthetics are integral part of human life and as such each of our students are groomed to personify excellence in everything they do in life.

Academic Curriculum

Our school recognizes that it is necessary to integrate the identified life skills, competencies & dispositions with the existing curriculum. As a result of which our school is affiliated to CBSE New Delhi which is continuously reforming education and making it child-centered.

The curriculum for the primary section is such that makes them global minded inquirers, thinkers, communicators and risk takers so that they become knowledgeable, principled, caring, open minded, well balanced and reflective. As there is transition from childhood to adolescent in the middle section, the curriculum aims at students' intellectual and social development within the frame work of academic challenge and life skills. And for the seniors, the syllabus is devised professional /occupational knowledge based, under the able guidance of a counsellor.

Streams

XI-XII (Science) - English, Hindi / Computer Sc., Maths / Biology, Chemistry, Physics, Ph. Edu. / Fine Art

XI-XII(Commerce) - English, Hindi, Business Studies, Accountancy, Economics, Maths, Entrepreneurship, Ph. Edu. / Fine Art

XI-XII(Humanity) - English, Hindi, Geography, Pol. Science, History, Maths, Ph. Edu. / Fine Art

Remedial Classes

We devote our attention to all our students equally. For slow learners, our remedial classes devote extra time to help them understand particular subjects in better way. This is done in a special period organized after school hours in which the teachers interact on one to one basis. At the same time we have enrichment programmes for the bright students to make them champions.

Scholarship

The students regularly appear for the scholarship exams. School provides special coaching to such students. Moreover, the trust offers scholarship to the meritorious students of AISSCE under GDC Memorial scholarship scheme.

Alumni Association

The School has a very strong Alumni relation. They are the brand ambassadors of the school's culture in true sense as they are always connected. They are great role models for current students and play a very positive role in the overall development of school.

Support, Guidance and Special Coaching for Next Step

A qualified and talented team of staff is available for students to support, guide and motivate for various competitive exam such as UNIFIED Council, Science Olympiad Foundation, NTSE, AIEEE, NDA, IIT/JEE, HBTSE.

Counselling & Career Planning

Career counselling is an integral part of the school as it can steer the youth in the right direction. In school, career counselling largely revolves around students' interest and skills only to guide them towards the most felicitous career path. Firstly to decide a stream, after 10th and then, to decide the graduation course. Career counselor help the students to communicate and interact with diverse groups as well as to polish their critical thinking abilities.

Admission Procedure

The academic session of the school starts from 1st April and ends on 31st of March. For Admissions, the registrations are done followed by written test and interview. The written test is conducted for English, Hindi, Mathematics and General Knowledge. The result of the admission test is declared on the same day. The parents are required to complete the admission formalities within the next three days of the admission.

Withdrawal/Removal

One calendar month's notice in written must be given to the appropriate school authority for withdrawing the child from the school. In the absence of this the entire school fee for the quarter becomes payable. Those, who leave the school in the month of May, must pay all the fees and dues till June. T.C. for withdrawal is not issued until all the dues of the school are settled and paid.

School Uniform

All the students must wear the school uniform at school even during examinations, school functions etc.

Summer

For Classes III to V

- Sky blue midi frock with navy blue linings. (For Girls only)
- Sky blue shirt with navy blue linings & navy blue half pants (For Boys only)

For Classes VI to XII

- Trousers (Navy blue) (For both boys and girls).
- Half sleeves sky blue shirt with navy blue linings (For both Boys & Girls)

Winter

- Woolen trousers (Steel Gray) worsted (for both Boy & Girls).
- Full sleeves sky blue shirt with navy blue linings (for both Boys & Girls).
- Sleeveless pullover of maroon colour.
- Navy blue blazer with school logo.

Common Uniforms

- Tie, Socks, Belt.
- Black shoes with laces.

Academic Infrastructure and Facilities

Laboratories

Laboratories for leading Physics, Chemistry, Biology, Geography, EVS, Computer, Mathematics etc. are equipped with all modern facilities.

Each year new equipments are added to meet the needs of emerging trends and technologies in every field which help in keeping the theoretical knowledge updated with practical work in the laboratories.

Physics Laboratory

Built according to the modern architectural design, Physics Lab of the school is equipped with all the latest lab apparatuses. Their theoretical knowledge is put into practice by performing experiments under the guidance of qualified teachers and trained lab assistants. The experiments are carried out with intractable details here. Once imbibed they remain forever in the young minds. The entire functioning is done as per standardized safety norms.

Chemistry Laboratory

It is designed for the safe and smooth conduct of experiments. It consists of adequate amount of apparatuses and copious amount of chemicals for the efficacious conduct of the experiments as per the CBSE Syllabus.

Biology Laboratory

Equipped with all the latest scientific instruments required for the effective teaching of Biology, Biology Lab has an array of charts conveying various topics and number of preserved specimens of plants and animals which make a lab an interesting place. The most attractive feature of the lab is the Human skeleton which the children love to explore. Here, the hidden world of biology is explored by the students under the guidance of able teachers through microscopes and slides.

The school has a world class academic infrastructure for academics and other skilled development activities such as well equipped laboratories as per CBSE norms for all the three streams, Smart class-rooms, 3D Audio-Visual Room, Knowledge Resource Centre (Library), Computer Room etc.

Computer Laboratory

The school at present has three well equipped computer labs housing latest computers with multimedia facility including LCD monitors with optical mouses for the use of students to make them computer savvy. The internet facility has opened avenues to the unlimited scope for learning. The school provides fast broadband internet connection round the clock. In a world of inter connectivity, computers play a significant role. Every student is provided with a computer to explore the world of technology under the strict supervision of computer teachers.

Geography & EVS Laboratory

The school also has Geography Lab as a main stream subject for Humanities. The Lab is well equipped with Maps of State, Country, World (Political & Physical), different land scape models, Globe and instruments such as Weather Forecasting Devices, Plain Table Survey Equipments etc.

English Language Laboratory

Our school has set up full furnished English language lab equipped with ultra modern technologies and the best available software to enrich the language learning capacities of the keen students. The objective of the language laboratory is to develop and refine the language skills- basically listening and speaking of the ready-to-learn students. English language lab not only facilitates the teaching learning process but also brings fun and efficiency in learning. It is widely used in the school to eliminate all sorts of language learning impediments.

Mathematics Laboratory

It creates an environment that is student centered. It is all about learning, verifying and visualizing mathematical concepts in a 'fun' way. It inculcates learning through 'applied reasoning'. This learner centered approach to Maths helps every child imagine, investigate and interact effectively. The multiple teaching and learning aids comprise of technology, application videos, manipulator and measuring instruments, tables, charts and much more.

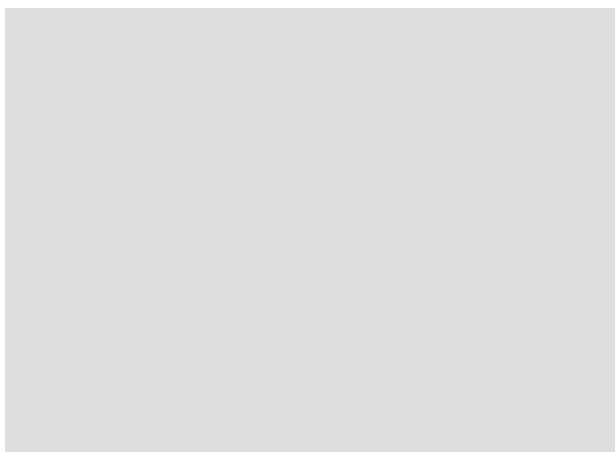

Knowledge Resource Centre (Library)

The Library has a huge stock of books besides reference books. It subscribes journals, magazines, general studies manuals, encyclopedias, motivational and inspiring CDs.

The school library serves as an incessant fountain and a precious treasure of knowledge and learning for all intellectual activities and academic pursuits and tastes of students.

Open Auditorium

A multipurpose open auditorium with a capacity of 1800 audience is a centre of attraction of the school is comfortably used for everyday morning assembly, important functions such as Annual Day celebration. It is also a venue for different Inter House curricular and Co-curricular activities.

Smart Class Room

Known for its performance and delivering Education of Global Standards, BRCM Public School, Gyankunj, Bahal feels pleasure to announce its association with Extramarks - India's largest and respected Education company for "Smartclass" programme. After a due diligence by Director, Principal & Teachers, the school goes ahead for bringing transformation in existing methodologies by Digital Teaching Enabling methods.

Extramarks Smartclass is designed to empower teachers with technology right inside the classrooms, turning them into lively and vibrant learning platforms for students. Teachers are able to use videos, animations, live images, and captivating graphics while teaching subjects such as Mathematics, Science, Social Science and English making learning more interesting and effective for the students.

Audio Visual Room

A multipurpose hall, a centre of attraction in the school, is comfortably used for various seminars, orientations, creative presentations & personality development programmes. It is also a venue for different curricular and co-curricular activities may it be, divinity, music, dance etc.

Co-Curricular Activities

Winning is not only giving your best effort, it's about smart steps in the right direction.

Our school follows the philosophy of holistic approach of the development of the students who are ably supported through activities that assist in better understanding of the subjects taught. Our co-curricular activities provide the students with plenty of opportunities to help them inbuild their self confidence, leadership qualities, personality, humanity and social awareness.

Our students and teachers interact with neighbouring schools for greater and better understanding of academics and other activities.

Tours & Treks/Excursions

We believe in healthy and frank interaction between the teachers and the students. We also emphasize on practical work that includes individual activities as well as project work in small groups within the classroom and active learning experiences that go beyond the boundaries of the classroom.

We organize educational tours to various scientific, historical & other educational places of interests.

Yoga

Art & Craft

Clubs & Societies

Not just academics the school also lays emphasis on formation of various clubs and societies. The students are also encouraged to participate in different clubs and societies like Photographic Club, Dramatic Club, Music & Dance Club, Clay Moulding Club, EVS club, Adventure club etc. with great enthusiasm. Different cultural events and lots of other activities are conducted by them to help the students discover their innate talent- leading to develop holistic personalities.

NCC

To inculcate Discipline and All-round Development of students, the school has been enrolled with NCC (11 Haryana National Cadets Corps Battalion, Bhiwani) Army Wing for many years. Every year the enrolled cadets get the opportunity to attend Annual Campus organised by NCC at various locations. The training programme which consists of drills and multifarious activities help to develop soft skills and self reliance in the cadets.

Students' Council

The students' council is composed of the Head Boy, Head girl, Vice Head Boy, vice Head Girl, along with Activity, Discipline, Academy, Sports, Alumni Captain and Vice Captain, House Captain and vice Captain of all the four houses from class XII and XI respectively as per seniority portfolio.

House System

To inculcate a habit of competition the school has four houses named **Ashoka, Pratap, Shivaji & Tagore**. Each house is an autonomous unit under the care of a House Master/Mistress assisted by Tutors and Prefects.

It provides ample scope for the Inter House competitions to ensure that the participating students acquire the necessary skills so as to become the leader in their respective domains. The school apex body functions through a democratic professional system wherein the students find avenues for inculcating leadership qualities.

Scouts & Guides

Scouts & Guides, motivated by the social spirit which they already have in themselves, have always eagerly participated in various rallies against social evils & in blood donation camps to help donators in all the ways. Inspired by the spirit of helping in keeping the environment clean, they plant trees, clean the ponds & participate in many other activities. The credit is reflective in the form of winning the President's & the Governor's awards by the Scouts & the Guides. They have been showing their exemplary performance in the Jamboree camps as well as in the state & the national level camps by winning various prizes and glorifying the ethos of the clubs.
